

Camwear® Food Pans

Temperature Range:

From -40°F to +210°F (-40°C to +99°C)

Camwear Food Pans

Clarity, durability and convenience. Precisely designed to Gastronorm specifications, Camwear pans deliver three-in-one service; storage, transportation and serving display. Plus, they stack neatly, no wedging or sticking. Uniform 1/2" (1.27 cm) flange width ensures a smooth fit for prep tables and rails. Standard & Metric graduations promote easy inventory management. Tough FDA approved polycarbonate construction makes them crystal clear and virtually unbreakable.

Non-stick surface increases yields, promotes easy cleaning. Compare them to stainless steel. Camwear pans are quiet, easy to touch. And they won't bend or dent.

Colors: Clear (135), White (148), Black (110).
(Except 18CW & 28CW available in Clear (135) only.)

*Note: Not recommended for steam table use.

Nest without wedging or sticking.

Large radius corners help resist breakage.

Optional, sanitary Seal Covers eliminate messy plastic wraps.

Large radius bottoms help eliminate food sticking; promote improved yields.

Standard 1/2" (1.27 cm) flange ensures proper fit on rails or drop-in units.

Crystal clear sidewalls. No guessing about what's inside.

Molded-in graduations in both quarts and liters. Makes inventory management quicker and easier.

Textured bottom resists scratching.

Camwear Flat Covers

Available for all GN size food pans. Maximize pan capacity. Color: Clear (135).

Camwear Covers with Handle

Deep molded handles give secure grip, remain cool to the touch. Color: Clear (135).

Camwear Notched Covers with Handle

Easy access for ladles or spoons. Convenient handles give a sure grip. Color: Clear (135).

Seal Covers

Eliminates the need for costly, messy plastic wrap. Double seal lid ensures freshness. Color: White (148).

Camwear Drain Shelves

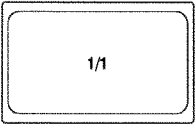

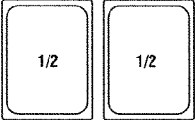

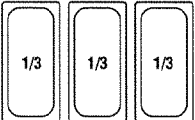

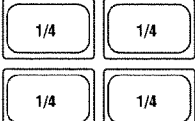

Fit GN Full, 1/2, 1/3, 1/4 and 1/6 size Food Pans. Supports product, promotes drainage. Color: Clear (135).

Camwear Food Pans keep product as cold as stainless can!

Compare these actual test results of identical foods held in refrigerated prep lines in both Camwear Food Pans and stainless steel pans. Stainless feels colder, but it doesn't hold the product colder or longer. So ask for the best, ask for Cambro Camwear Food Pans.

	Starting temperature	1hr.	2hrs.	3hrs.	4hrs.
Stainless Steel Pans	38.2°F (3.4 °C)	37.9°F (3.3 °C)	36.4°F (2.4 °C)	35.4°F (1.9 °C)	34.8°F (1.6 °C)
Camwear Food Pans	38.2°F (3.4 °C)	37.8°F (3.2 °C)	36.5°F (2.5 °C)	35.8°F (2.1 °C)	35°F (1.7 °C)
